## Credit Flexibility –Course Commitments and Acknowledgments

Classes provided through credit flexibility offer Ashland High School students chance to earn credits outside of what is offered by Ashland High School. Students and parents must understand and agree to the following terms before enrolling in a summer program.

- Students and parents realize that while Ashland High School may accept the courses above for credit, AHS is not responsible for any technical or other issues that arise in the summer. Any issues must be resolved directly with the course provider.
- Students and parents are responsible for having their grades sent to the Ashland High School Guidance office when the course has been completed. **Grades will count on the student's high school transcript.**
- Online courses count towards a student's credits for the purposes of graduation, but students planning on participating in college level athletics should know that they will **not count** towards their NCAA or NAIA eligibility.
